SOME BAD, BAD BOYS

Are Going to Find Themselves in the
Middle of a Bad Fix If the Offi-
cers Get Them.

Today Police Commissioner Grant of the city board of commissioners received a communication from General Superintendent Martin of the I. & G. N. railroad, making complaint that boys were habitually knocking out switch lights in the lower part of the railroad yards, endangering trains, etc., and asking for protection for the property. Commissioner Grant referred the communication to Chief of Police Perry, and instructed him to arrest every boy found loitering around the yards at night, and hold them over in the city jail for investigation. A watch is to be set, and any boy found chunking switch lights, or doing other devilment, is going to get into serious trouble.

There are a bunch of boys in this town who should be kept off the streets at night, as they are always making trouble some where in some way.

Triennial Delegates.

Much interest was taken in the election of delegates to the triennial convention of the Episcopal church to be held at Cincinnati in October, at the sixty-first council of the Episcopal Diocese of Texas, held in Galveston yesterday. Following are the delegates and alternates: Rev. P. G. Sears, Rev.

THE LOOSE WAY

Of handling your money is that of paying it out by hand. The modern, safe, convenient way is with a CHECK.

When you pay it out the latter way you always secure a receipt and never have any danger of loss through handling, etc.

Don't you think it's worth looking into?

Special Notice.

I have just opened one car load of nice yellow bananas. These bananas are something very fine in flavor. Bananas have been very high for the last six weeks. By careful buying I bought this car so I can sell them at a very reasonable price. Can be bought at the car at \$1.00 per bunch, or can be bought by the dozen. Now if you want to get some good, cheap bananas, now is the time. You had better come at once, as I may not get a chance to buy another car this season to sell at this price.

Knights of the Maccabees will meet every second and fourth Saturday night in each month.

Hebrew people to be located somewhere in this country by Hebrew philanthropists.

If the people of this state have doubts or uncertainties as to the gain, profits or benefits to be derived from the securing of these immigrants and colonies, and of a port of immigration with a direct service from southern and southeastern Europe, then we can say that the people of Louisiana and Mississippi have no such objections, but are boosting the proposition good and strong to make New Orleans the direct port of entry, with a new and special steamship service, for the operations of these great financiers, and the states of Louisiana and Mississippi the land of promise for their settlement.

Our association has considered this matter of such great moment and importance that we are dispatching circulars and letters to Mr. Schiff and his associates and to public men, newspapers, financiers, transportation and steamship companies without the state in the effort to secure this business for Galveston and these colonies
